THE MINISTER OF HUMAN RESOURCE DEVELOPMENT (SHRI ARJUN SINGH) : (a) and (b) National Policy on Education—1986, *inter-alia,* envisages creation of a system of teacher evaluation and fixing norms of accountability of teachers. In pursuance of this, UGC, in consultation with national level Associations of Teachers, formulated guidelines for performance appraisal of teahers which were circulated to Universities in November, 1988. UGC has also prepared a code of Professional Ethics for Teachers which was circulated to Universities in February, 1989. The code provides guidelines about the responsibilities of teachers and their conduct and duties towards students, colleagues, authorities, non-teaching staff, guardians and the society.

The Commission has also notified Regulation regarding minimum number of teaching days, workload of teachers in Universities and colleges. The scheme of revision of pay scales of teachers provides that a lecturer will be placed in the senior scale or promoted to Readers' grade only if, *inter-alia,* he/she received consistently satisfactory performance appraisal reports.

(c) Universities are autonomous organisations. Teachers working in Universities & Colleges are employees of the concerned Universities, Colleges or State Governments and governed by their own Discipline Rules. It is, therefore, for the teachers themselves and their associations to oversee the observance of the code of professional ethics and for the individual institution/State Governments to ensure implementation of the system of performance appraisal.
